Our Mission:

We are an international group of change makers working towards quickly becoming a leading financial advisory company for People-First PPPs and impact investment as well as a market reference with Africa focus and global outreach.

We bridge the gap between finance and development, carving out a third space for global social and environmental solutions to deliver performance with purpose to investors across all types of investments.

To help effectively and authentically grow the impact investing field in emerging markets (MICs/LICs) in collaboration with IIX Global (Singapore) and GSGII (London).

To become a private equity / private debt firm investing in *middle market growth-stage companies* located in Emerging and Frontier markets with enterprise values between \$3-5 million and \$50-100 million, and once social enterprises start listing on the social stock exchange also public equity and (women) impact (livelihood) bonds.

To establish our own near-future 4IP Group's Impact Fund whose investment focus will be on high growth companies/SMEs and SDG-oriented impact sectors that combine impact with commercial returns, or in industries that are undergoing *transformational structural change* or that lend themselves to consolidation.

OUR GOVERNANCE

With offices in Geneva, Milan, Copenhagen and Lusaka, and associates / business partners around the world, our reach is global by maintaining a strong global network, albeit with a focus initially on Africa, and our focus is on efforts which foster systemic change (through working with organizations on strategic new initiatives) and sustainable development.

OUR GLOBAL FOOTPRINT

Build a balanced portfolio of activities ensuring business presence throughout the immaterial "value" chain (without thinning out and dispersion):

- On-Field staff (Zambia and Madagascar)
- Presence in the main markets (particularly in Europe: Switzerland, Italy and France)
- Regular ties with Academia, IFIs and other industrial stakeholders.

OUR MANIFESTO

As a leading pioneer of impact investing in Sub-Saharan Africa (SSA), we build pathways to connect the Wall Streets of the World / Financial Hubs of Europe (Switzerland, Italy, France and Denmark) with the backstreets of underserved communities in the emerging markets. We are here to achieve sustainable development, inclusive and green growth through:

- Working with Impact investors and entrepreneurs to raise capital;

Infrastructure & Impact Investing Partners

- Empowering our stakeholders with rigorous advice and research for sound actions;
- Pushing the impact investing space from the margins to the mainstream in SSA and other emerging markets.

OUR VALUES

- *Impact First*
- *Speaking the Truth*
- *Embrace the Risks*
- *Independence*
- *Purpose Driven*
- *Doing Good Doing Well*

OUR BUSINESS PRACTICES / WHAT WE DO

As innovators, enablers and connectors, we support emerging market governments, multilateral organizations (World Bank, UNDESA, UNECE, UNIDO) and regional organizations (AfDB, COMESA/SADC, CARICOM/OECS), corporations, and foundations to design People-First PPP, Hard & Soft Infrastructure Development, and Impact Investing strategies that will maximize their scale, efficiency, and impact, either at the organizational level (placement and role of PPP units) or for specific programmes (e.g. Tripartite Transport & Transit Facilitation Programme) and SDG-related markets (Social / Impact Enterprises). 4IP Group services comprise 4 pillars:

- ❖ 4IP Group Advisor
- ❖ 4IP Group Capital Raiser and Connector
- ❖ 4IP Group Research / Knowledge Broker
- ❖ 4IP Group Development Partner

1. 4IP Group Advisor

4IP Group is an advisory firm, which brings the best of the private sector strategy skills and rigorous analytical capabilities with deep knowledge and networks across emerging and frontier markets. We work collaboratively across the public and private sectors to fuel inclusive green growth and help clients achieve their goals while also contributing to achieving the SDGs.

Beyond deploying capital directly into impact enterprises, 4IP offers premium advisory services to assist different types of investors in the selection of impact investments across different asset classes, with the aim of maximizing both financial performance and societal impact.

4IP Group also offers advisory services to assist a variety of stakeholders in developing innovative impact finance mechanisms, such as Women Livelihood Bonds (in collaboration with IIX Global in Singapore and IIX Chapter Johannesburg) to be rolled out via the Women in Africa Facility/Fund as well as blended finance.

Our global perspectives are firmly rooted in local realities with team members having lived and worked in more than a third of Africa's 54 nation states. We currently have physical presence in 4 countries: Switzerland, Italy, Denmark, Zambia and most recently Madagascar, and prior recent work experiences in Tunisia, Côte d'Ivoire, Morocco, Cape Verde and The Gambia. By combining in-depth local roots and extensive international experience, our strategies blend the best global ideas and innovations with the local practicalities and partnerships needed for effective implementation.

Areas of Expertise

- Promotes and builds awareness on impact investment.

4IP Group officials have been directly involved in the establishment of IIX Chapter Lusaka and the funding of its Impact Investing awareness activities in Lusaka, since August 2017.

For more information about IIX Chapter Lusaka click on the Homepage:

<https://www.facebook.com/IIXChapterLusaka/>

- Identifies and supports impact investment opportunities in Africa with the ability to look at companies/projects with both an investor and investee lens.

Infrastructure & Impact Investing Partners

- Provides impact investors with diversified solutions by offering investment opportunities in different asset classes, regions and sectors that incorporate a range of attractive risk premia.
- Provides a rigorous investment process and long-term view.
- Delivers People-First PPP advisory services:

[4IP actively involved in UNECE PPPs' initiatives](#) and [the establishment of the new World Association of PPP Units \(WAPPPU\)](#), 20th of Nov 2018, of which Thibaut Mourgues is a Founding Member of the Board. For more info about [WAPPPU](#) write to tmourgues@4ipgroup.org

- Delivers Impact investment policy advisory services.
- Develops educational initiatives / capacity building training workshops e.g. into institutions and advisory channels.

During his stay in Zambia, Christian Kingombe organized a **two-day workshop on Business Strategies for Social Impact** based on four modules to help the CEOs of the Zambian enterprises in our pipeline obtain a better understanding on Purpose-Driven Leadership, How Business Drives Social Impact, Impact Measurement and Impact Investing. Each participant subsequently received a signed attendance certificate.

4IP provides regular training and courses in the following areas: <http://4ipgroup.org/training/>

4IP in collaboration with CDA Management Services Ltd London provides **an International Executive Infrastructure Finance and PPP Programme** “Risk Allocation & Structuring Bankable PPP Contracts: Assessing Risk, Value for Money & Structuring Bankable PPP Contracts in Public Infrastructure” 8-18th of April 2019 in Geneva

- Provides Impact Assessment & Impact Measurement services.
- Provides **sustainability strategy** and reporting services.
- Designs, develops and implements a **global ESG strategy** across complete investment portfolio/pipeline.
- Aims to develop and implement **an ESG scoring methodology** for institutional investor clients to the complete investment pipeline.
- Provides **research and support to asset owners and managers** to help them integrate ESG factors into their investment processes and investment frameworks.
- Combines **academic insights with strategy expertise** and years of experience in private sector development & entrepreneurship to deliver solutions that reshape markets.
- Creates a new corporate impact strategy, **undertakes specialist research or builds practical tools to measure impact**.
- **Sustainable Infrastructure:**
 - Supports our clients – government, private investors, institutions – to **develop inclusive and sustainable infrastructure** in emerging markets.
 - **Creates strategies** for inclusive and sustainable infrastructure.
 - Aims to help our clients **build strategies** at regional, national, and local levels that align partner incentives and optimize benefits for both economies and communities.
 - Helps **channel capital** into infrastructure development.
 - **Develops innovative financing structures and platforms** that combine public and private sources of *blended capital* towards infrastructure projects.

Infrastructure & Impact Investing Partners

- Works with **emerging growth companies** in Agriculture and Food; Agro-processing, Renewable energy, ITC, Education (TVET), Transport Infrastructure; Manufacturing and Affordable Housing (including a Student Housing project in Zambia) to ensure that they are on a path to a sustainable, profitable business model.

- **Agriculture and Food security & Agro-Processing**
 - Creates **innovative and inclusive agri-finance analysis** to increase public and private investment to farmers, cooperatives, and processors and to design finance facilities that support these businesses.
 - **Supports and evaluates / assesses programmes and funds** that support agriculture to ensure that ongoing and future projects impact everyone along the agricultural supply chain sustainably and equitably.
 - **Involved in a Forestry and Agro-business project in DRC** in partnership with [Impact Investment Exchange \(IIX\)](#), e.g. recipient of Asia Game Changer Award for pioneering work in Impact Investing amongst numerous other awards.

- **Renewable Energy**
 - Markets Africa as a **unique challenge for centralised forms of public infrastructure** such as national power grids, a fact that has resulted in massive under-investment.
 - Believes that Africa's **geographic and resource challenges offer a unique opportunity** for the continent to shift the thinking on how to achieve access to electricity for all.
 - Believes that by **prioritising mini-grid technology**, using solar photovoltaic panels and lithium ion batteries, Africa can chart a new path towards universal electrification – one where electricity is generated right where it is needed.
 - **Helps investors** place the right bets in a fast moving renewable energy landscape.
 - Aims to engage as **learning partners** for large energy related programs, helping our clients track progress, measure efficiency and ultimately evaluate and maximize social impact.
 - Signed Agreement with **New Energy Capital** which is in the process of establishing an **investment fund** for the development, construction, financing and operation of **solar photovoltaic power projects throughout Sub-Saharan Africa**. Our role was to introduce contacts (e.g. DFIs and investors from our database) to New Energy Capital who wish to make a binding investment commitment to the Fund.

- 4IP Group focuses on **impact enterprises with three defining characteristics**.
 - First, we acquire platform/portfolio/pipeline companies with *a strong management team and infrastructure* to further grow the platform/pipeline.
 - Second, we aim to actively screen sub-segments of the market and focus on identifying category/sector-focus winners that are (potential market) leaders in the sub-segment in terms of market share or growth potential.
 - Third, we search for niche leaders with value creation potential.

2. 4IP Group Capital Raiser and Connector

4IP Group is an impact investing intermediary, which facilitates impact investing that catalyzes economic and social change. We advise on impact investing and develop impact investing strategies. We also aim to design new innovative ways to invest in emerging markets, particularly in Africa, and to mobilize private capital to tackle the SDG & COP21 challenges and thereby create tailored solutions that accelerate inclusive and green sustainable growth.

From our offices in Geneva, Milano, Copenhagen and Lusaka, we work with a diverse range of clients in the public and private sector, including investors and asset managers, sector catalysts and (social/impact) entrepreneurs.

Areas of Expertise

- Impact Investing Strategy Engagement:
 - An **increasingly experienced advisor** on impact investing.
 - **Partner with** a diverse range of funders, investors and promoters to maximize the *efficiency and effectiveness* of their impact investments.
 - Help our clients **identify and address the most important issues** for their impact investment strategies that guide effective execution and generate positive financial, environmental and social returns.

4IP Group has potentially **an international client base** of over 1'000 institutional and family office investors around the world captured in our **global impact investor database**. In 2019, client demand will be more concentrated around countries in continental Europe such as Switzerland, Italy and France as well as Denmark.

While 4IP Group recently completed the updating of our global Impact Investor database, should any investors / investment funds in these countries who still haven't received our marketing material look to be investing in *early and growth stage equity in Africa* or simply be looking for related advisory services within 4IP Group's services areas of expertise, please do not hesitate to contact us by writing to: info@4ipgroup.org

- Provides (impact/social) **entrepreneurs within our investment pipeline with financial services** tailored to their immediate needs.
- Bridges our client's **objective with the reality** of their local contexts.

The 4IP Group through its local Zambian impact investment portfolio officer is continuing our process of sourcing social / impact enterprises and SDG-related infrastructure projects in Zambia. We invite Social/Impact Entrepreneurs; CEO's of SDG-impact oriented enterprises as well as SDG infrastructure project developers interested in granting the 4IP Group a mandate to raise Private Equity / Debt capital for their growth-oriented ventures, to get in touch by writing to: ckingombe@4ipgroup.org and/or hchomba@4ipgroup.org

- Full Investment Management Mandate:
 - Provides **holistic advisory services** throughout the impact investing process, including strategy development, transaction advisory, and post transaction advisory.
 - Our **experience** expands across several regions (Europe, Sub-Saharan Africa, MENA and Asia) and sectors (Renewables; Agribusiness/agriculture & food; Manufacturing; TVET; Eco-Tourism; Transport Infrastructure/PPPs; Health and Education), which allows us to support our clients to identify and meet feasible investment objectives and requirements.

Infrastructure & Impact Investing Partners

- We currently have started **building portfolios** that are equally driven by *purpose* (SDG/ESG effectiveness) and performance (efficiency).

- Deal Advisory
 - **Advises clients throughout the investment cycle** – from sourcing and vetting deals, to executing transactions, and managing portfolios.
 - By tapping into our extensive network, generates **robust transaction pipelines** in line with a client’s goal and propose impact investment recommendations.
 - Conducts **due diligence** on identified targets, oversee **structuring and negotiation** of deals, and **monitors and impact assesses** the success of deals post investment.
- Investment Vehicle Structuring
 - We are in the process of **designing and structuring our first Impact Infrastructure Fund** – which is a **private equity fund** that will focus on infrastructure public private partnerships (PPP) with a strong impact dimension. The Fund intends to raise USD 50 mln that will be invested into PPPs for an average of USD 5 mln per project. It will focus on a few key sectors in emerging markets such as **clean energy, transport, water and sanitation, and others**. The Fund will always invest alongside reputable investors and sees its mission as promoting the impact dimension in the structuring of a transaction to help tackle the SDG challenges.
 - We also aim to create **new financial vehicles, tools, and products** that increase the efficiency and effectiveness (ESG/SDG) of impact investments.
 - We in partnership with external collaborators in London are in the process of exploring setting up a **Crowdfunding Diaspora Impact Investing Platform in London** to get private savings from the diaspora’s individual deposits/savings account allocated to impact enterprises in their home countries.

Infrastructure & Impact Investing Partners

- Works with **a range of investors** – including institutional investors, development finance institutions (AfDB; DBSA); donors; foundations (SIF) – to design successful financial instruments and unlock new sources of capital that generate improved financial, environmental and social returns.
- Innovative Finance
 - Aims to bring together multilateral organizations, governments, corporations and philanthropists to develop **effective solutions and unlock new sources of funding**.
 - Aims to identify financial bottlenecks in the development space;
 - Identifies untapped opportunities in financial products and structures;
 - Bring together stakeholders to create mutually agreeable long-term partnerships;
 - Designs tailored financial solutions.

On May 30th 2018, 4IP Group LLC hosted at the Impact Hub Geneva the SECOND IMPACT WORKSHOP MEETING of the ESAFON led by the SWISS IMPACT INITIATIVE. <http://4ipgroup.org/news/>

- Renewable Energy
 - Has previously **worked extensively in renewable energy markets**, with deep expertise in financing centralized and decentralized renewable energy solutions.
 - Aims to establish **energy financing facilities and investment funds** for DFIs and complete due diligence for private sector investors.
- Technical & Vocational Skills Development / TVET & Private Investment in Education
 - Believes that education improvements throughout SSA are not occurring fast enough, limiting the gains over the last 25 years in literacy rate across the continent.
 - Believes, given the enormous funding gap of over US\$1 Trillion, that there is an urgent need to focus attention towards the education system in general and TVET in particular.
 - Believes, since Governments are squeezed from all ends due to rising population and increased demand for education, **now is an opportune time for private investors to enter the market**.
 - Aims to **facilitate Private capital**, including impact investing, flowing throughout SSA to innovative low-cost education business models, high impact technology products and financial systems with the intention **to bridge the access to education gap**.
 - Aims, since the private investment market is still nascent, to **identify and promote the most promising education/TVET investment opportunities** throughout SSA to support inclusive growth e.g. through PPPs and VCFs.

3. 4IP Group Research & Knowledge Broker

4IP Group as a **hybrid think and do tank** contributes to the advancement of **knowledge on Impact Investing and People's First PPPs** through reflecting on our own experience and practice as well as by disseminating main key take-aways of (academic/industrial) research and conferences that can support on-field implementation both at policy and transaction levels. 4IP partners are actively involved in **research and can mobilize a network of academics and colleagues** with similar Third Way (i.e. Conscious Capitalism) philosophy and orientation using a variety of communication channels and media (books, articles, working papers, conference presentations, blogs, etc.)

Activities

As an **ESG content, research and analytics firm** 4IP Group:

- Provides insights and analysis to stakeholders across the **investment impact value chain**.
- Helps clients (investors & investees) write their **logical framework model** (i.e. theory of change) to improve their organization's effectiveness.

4IP Group has recently carried out its **first Impact Investing Training workshop** for its Zambian pipeline impact companies in Lusaka, which e.g. examined the different levels of rigor for each logic model using real-life examples, as well as how to assess an organization's inputs, outputs, and Social Return on Investment (SROI). For more information contact: ckingombe@4ipgroup.org

- Provides Private Equity Impact Investing research.
- Co-Edits an Impact Investment Handbook to be published by **Palgrave Macmillan** (Dec 2019)

Our Handbook Proposal on Impact Investing received peer review from three external and anonymous reviewers. The book will be edited by the three managing partners of 4IP Group in our independent academic and advisory position, covering all important aspects of Impact Investing in Emerging markets. We have already **short-listed the world's leading thought leaders and practitioners in the field** to join this research project as chapter authors. Team Presentation

4IP management team is currently comprised of two Funders & Managing Partners: Christian Kingombe (Current (2018/2019) President and Managing Partner) and Thibaut Mourgues (Former (2017/2018) President and Managing Partner).

Christian Kingombe

Thibaut Mourgues

➤ Christian Kingombe

Dr. Christian Kingombe is Co-Founding Partner and current President (2018-2019) and Leads 4IP Group's Impact Investing Advisor Business Practice, while also leading our Impact Investing market building initiative in Zambia in collaboration with IIX Chapter Lusaka. Through his work, 4IP Group's direct contribution and indirect contribution via IIX Chapter Lusaka is being done as a major contribution to **the creation of an impacting investing ecosystem** in Southern Africa (SADC region) in general and Zambia in particular with the aim of making Lusaka a leading Sustainable Finance centre joining the International Network of Financial Centres for Sustainability (FC4S).

Christian Kingombe stepped down as Founding Lead of the IIX Chapter Lusaka to instead act as an external advisor for the Executive Board lead by Haggai Chomba, who took over as the Lead of the IIX Chapter Lusaka in June 2018.

Christian Kingombe has carried out a series of consultations with **the Global Steering Group for Impact Investing (GSGII)**, an independent multi-sectoral global entity catalysing impact investment and entrepreneurship to benefit people and the planet, to set-up one of the first National Advisory Boards (NABs) in Sub-Saharan Africa, following Kenya, Ghana and South Africa. The GSGII represents the collective effort and intention of leaders across sectors and countries to catalyse a global ecosystem for impact investment. The GSGII primarily represents countries via their National Advisory Boards (NABs). The aim is to **launch the Zambian NAB in Lusaka on Monday the 15th of October 2018** shortly after Zambia's first National Impact Investing Conference: ICA:Zambia, 1-3th of October.

Prior to the current position he had a long career working for a number of International Organizations [UNCTAD (2000; 2009, 2015-2016); African Development Bank (2012-2015); UNECE (2005); and ILO (2001-2004)]; Academia [(Graduate Institute Geneva (2011-12; 2016-2017); Centre for the Study of African Economies at the University of Oxford (2009-2010); and ENSAE-CREST at ParisTech (2007-2008)]; Think Tanks [Centre for Development Research (today DIIS) (1999-2000); Overseas Development Institute (2010-2012); OECD Development Centre (2007-2008); and CSEND (2016-on-going)]; and Private Sector [COWI Consulting Group (2006-2007); and 4IP Group (2017 – on-going)].

Christian Kingombe holds a Ph.D. in Applied Development Economics from Imperial College London & University of London and M.Sc. & B.Sc. in Economics from the Economics Department of the University of Copenhagen in Denmark.

➤ **Thibaut Mourgues**

Thibaut Mourgues is Co-Founding Partner of 4IP and 1st rotating President (2017-2018). He specializes in Public Private Partnerships with People First, Impact Investing and Green Finance dimension.

Thibaut is a former banker and a financial sector and project finance specialist, with about 30 years of experience in the development of private and public investment projects, as well as PPP/PFI structures for large infrastructure projects and corporate investment projects in various industries.

Thibaut started his career at the French Securities and Exchange Commission where he was in charge of preparing the listing of small and medium size companies. He moved then to Eurobank, Paris, to participate in the transition to market economies of Eastern Europe and more particularly, CIS countries. In that position, he was involved in financial advisory to local firms as well as privatisation processes and provided investment credits to large European companies investing in Russia. After 2 years with Technip, a major oil and gas engineering company, where he managed international financial issues for contracts up to 1 billion USD, he moved to Russia to develop a financial advisory boutique, Camden Partners. He was active in fund raising for investment projects in industrial, real estate and transport sectors and in parallel started involvement in development projects in Ukraine (oil pipe line) and Central Asia (municipal energy utilities).

From 2010, building on his financial background, he became involved essentially in PPPs advisory for public authorities and financial institutions. In particular he advised full time the Jordanian PPP unit (2010-2012) as well as the Moroccan PPP unit (2015-2016) on PPP policy and methodology as well as on individual transactions. From 2012 to 2015, he worked as a PPP consultant for the African Development Bank where he advised the Bank on the PPP activities and projects continent-wide. He is currently advising the PPP unit of Madagascar under an AfDB project on a long-term basis. His experience and expertise in PPPs, especially in Africa and Middle-East, have conferred to him a unique leading position in the development of the PPP market in the developing world.

Thibaut holds a Master in Finance from ESSEC (a leading European Business School), a degree of Institut d'Etudes Politiques de Paris («Sciences Po Paris») with major in Economics and Finance and a business law degree from University of Paris II.
