1. Message from Managing Partners

Today, **17th of May 2017**, marks the day when 4IP Group two years ago officially joined **the Geneva Sustainable Finance Ecosystem** through its registration at the Company Registry of Geneva. To further reemphasize our commitment to bring Geneva's many asset managers and owners, especially family offices and institutional investors, into the fold of the Impact Revolution at the scheduled end of 2020 tipping point as prophesied by Sir Ronald Cohen. As part of this endeavour 4IP Group has now joined the two **Swiss Impact Associations**: Sustainable Finance Geneva (SFG) and Swiss Impact Investing Association (SIIA). We intend to play an active part towards this simultaneously global and local mission as we are already doing in **Zambia**, where 4IP Group has played a pivotal role through our active involvement first in **IIX Chapter Lusaka** and subsequently through our involvement in the **GSGII Taskforce** aimed at setting-up a **National Advisory Board for Impact Investing**. In addition to these ecosystem market building activities in both the North and the South, 4IP Group also carries the Impact torch through our professional activities which were awarded by the United Nations who invited Managing Partner **Mr. Thibaut Mourgues** to speak at the inaugural High-Level Panel at the 4th People-First PPP International Forum held in Geneva earlier this month. At the same time the 4IP Group Geneva team is actively engaging all Geneva's Family Offices and Asset Managers, soon to be followed by all the Pension Funds to whom we are offering our **ESG and Impact Assessment advisory services**, and shortly also Sustainable Finance Legal advisory services. This two-year anniversary is also marked by moving our official address to **Terre-Saint** located in **the Canton de Vaud**, while remaining domiciled at **the Geneva Impact Hub**, which is now part of the Switzerland Impact Hub association. The biggest change was marked by last week's **Extraordinary General Assembly** whereby 4IP Group took the leap to add to its Financial & Development Advisory Business lines the prospect of becoming an Impact Fund Manager, starting with an **Infrastructure Impact Fund** focusing on People-First PPPs. We hope that you will enjoy reading this special anniversary newsletter and continue to engage with us.

2. 4IP Group Extraordinary General Assembly

The month of **May** not only marks the two-year anniversary of the foundation of 4IP Group, it also marks the month this year where 4IP Group went from exclusively being an intermediary advisor to officiating our ambition to become an Impact Investing Fund manager. This was done through **4IP Group's first Extraordinary General Assembly**, which took place in our Notary's Office Place du Molard in Geneva. This move is fully aligned with our [medium-term strategy 2018-2020](#) and the results-oriented annual business plan 2019. The fundraising campaign has already started amongst the many family offices based in Geneva and we look forward to engaging with other interested investors in the coming months to reach our fundraising target.

3.1. UNECE Impact Assessment Working Group (25 March 2019), Moroccan Room, Palais des Nations, Geneva by Christian Kingombe

[UNECE](#) is in the process of developing **the People-first PPP Impact Assessment Tool to score PPP projects against the SDGs**. The main features and outcomes expected from this initiative was discussed by a UNECE convened working group which both Thibaut Mourgues (via VC) and Christian Kingombe had been invited to be part of. During the first meeting of the Working Group the following Agenda items were discussed:

- Overview: Introducing the key ingredients of the impact assessment tool
- The project's core challenges.

For further information about the work of the working group please contact ckingombe@4ipgroup.org

3.2. Tashkent Law Spring Conference (PPP meeting in Uzbekistan), 25 April 2019

Uzbekistan Ministry of Justice as organizer of the **"Tashkent Law Spring forum"** invited Thibaut Mourgues to speak at a panel on Public Private Partnerships (PPPs). As Uzbekistan is preparing a **PPP law** and working on a **PPP pipeline**, the subject of the speech was: *"Experience of France in PPP and its applicability in Uzbekistan: How can Uzbekistan benefit from this experience?"* Overall the 1000 participants to the forum praised the organization and the new country leadership in their endeavor to

3.3. UNECE PPP Forum (7-9 May 2019)

UNECE organized in Geneva **the fourth international PPP forum** on: *“the last mile: promoting People-First PPPs for the UN 2030 Agenda for sustainable Development”*. Thibaut Mourgues, 4IP Managing Partner, had been invited to speak for the opening session as a panelist for **the high-level debate** on: *“Advancing the People-first PPP concept: does People-first PPPs address the shortfalls in the traditional PPP model?”*. The panel was moderated by Geoffrey Hamilton, head of UNECE PPP division, who referred to [our blog article on People-first PPPs](#) as an important reading for the advancement of the concept. The talk was articulated on the necessity of meaning, purpose and ownership and allowed an interesting debate with the audience and fellow panelists.

See **photo 1** below. For more information contact: tmourgues@4ipgroup.org

3.4. WAPPPU meeting (May 6th 2019)

[The World Association of PPP Units and PPP professionals \(WAPPP\)](#) had organized in anticipation of UNECE PPP forum **a side-event** to promote the organization and discuss PPP issues. The event convened about 50 representatives from all over the world, including several current and former 4IP Group team members. Thibaut Mourgues, in his capacity as **Member of WAPPP Executive Committee**, and Christian Kingombe, 4IP Co-Founding Managing Partner & CSEND Research Associate, together with Prof Raymond Saner, Co-Founder and Director of CSEND, had been invited to deliver a talk on **Impact Measurement in PPPs**. Thibaut’s talk focused on the rapid development of a variety of Measurement Frameworks and the potential scenarios for the future. Christian’s intervention e.g. highlighted a number of specific **impact measurement framework initiatives**. Lastly, Professor Raymond Saner spoke on the necessity of putting the human factor at the centre of the PPPs.

See **photo 2** below. For more information contact: tmourgues@4ipgroup.org

Following to the talk, **Torkil Hvam Sørensen**, a former 4IP associate, was also mandated by WAPPP to develop a section of WAPPP: *“PPP’s under 35 for young professionals”*.

For those interested in learning more about [the investment strategy](#) of our first fund please contact tmourgues@4ipgroup.org

6. 4IP Data, Design & Research

6.1. Forthcoming Book on Impact Investing - by Christian Kingombe

4IP Group is currently preparing a **Book on Impact Investing** in collaboration with researchers from **the Graduate Institute Geneva** and with chapter contributions from academics as well as leading practitioners in the Impact Investing Industry. For more information about the content and structure of the handbook as well as publication date please contact ckingombe@4ipgroup.org

6.1.1. Impact Investment from South Africa to Zambia by Haggai Chomba (abstract)

The growth of Impact investments should globally reach above 1 Trillion USD by end of 2020 and further billions needs to be invested in both listed and non-listed impact enterprises that contribute to the United Nations' (UN) Sustainable Development Goals (SDGs) in the SADC region in order to make a difference to millions of lives as well as generating competitive financial returns for investors from South Africa and Zambia in particular.

This chapter will consider asset owners and asset managers as well as lenders based in The Republic of South Africa and Zambia based on a set of questions about **the dynamics of the impact investment market** and the required level of returns to social impact investment.

We expect that this innovative research will contribute to the establishment of a **National Impact Investors Council in Zambia**, that is, an industry body to be established to build a compelling and comprehensive impact investing story and strengthen the significance of impact investing in the SADC Region in general and in South Africa and Zambia in particular. For anyone wishing to discuss or learn more about the issues addressed in the chapter, please contact hchomba@4ipgroup.org

6.1.2. Sustainable Finance & Pension Funds in the EU by Dario Moroni (abstract)

The chapter addresses issues related to impact and responsible investments in the European Union in connection with the New European Framework for sustainable finance. It also highlights risks and opportunities for pensions funds and other financial investors.

6.1.3. Impact Investing Regulation & Policy by Thibaut Mourgues & Christian Kingombe (abstract)

This chapter will assess **the role of the Impact Investing policy** in the improvement of the environment to make it more conducive to Impact Investing. The chapter will address more particularly the issues related to developing countries. Major areas of policy interventions will be analyzed and illustrated through a **case-study**, which will focus on Zambia's existing challenges and opportunities in consultation with members of the GSGII Taskforce in Zambia.

While the chapter can't be circulated nor shared ahead of official publication for anyone wishing to discuss issues, please contact either tmourgues@4ipgroup.org or regarding Policy & Regulation in Zambia ckingombe@4ipgroup.org

6.1.4. People-First PPP by Thibaut and Christian (abstract)

[People's First Public Private Partnerships \(PF PPPs\)](#) is a concept originally developed by UNECE to **improve the efficiency of the PPP tool** with regards to the Sustainable Development Goals. The chapter will address the challenges to the concept and will propose a few orientations to properly handle these challenges. Case studies and lessons learned will be used to formulate policy recommendations.

While the chapter can't be circulated nor shared ahead of official publication for anyone wishing to discuss or learn more about these issues, please contact either tmourgues@4ipgroup.org or regarding PPP Best Practices ckingombe@4ipgroup.org

6.2. ESG Toolkit by Patrick FitzGerald

4IP Group has developed **tools to integrate ESG issues throughout the investment process for private equity investments**, from the due diligence stage up to exit. They are based on the best practices of the Development Finance sector and on the latest guidance from leading organizations in the sustainable finance sector. These tools help ensure that the most material ESG issues are identified and monitored during the investment to maximize long-term impact and profitability.

For more information about how to benefit from our ESG toolkit please contact pwoffitzgerald@4ipgroup.org

6.3. Impact investing market builders in Southern Africa (Zambia) - Haggai Chomba on GSGII Taskforce on Impact Investing

On 12 December, 2018, the Global Steering Group on impact investment (GSG) with support from IIX Chapter Lusaka and 4IP Group brought together 45 various stakeholders[1] of the ecosystem to discuss the impact investing movement in Zambia and constitute a taskforce for the establishment of a National Advisory Board (NAB). Read full account by Haggai Chomba [here](#):

7.1. Transport facilitation & logistics Costs in Gambia (Nov 2018 – Jan 2019) – Christian Kingombe

The recent completion of [the construction of the Trans Gambia Bridge and Highway](#) from Kerr Ayib to Senoba provides a new avenue to allow free traffic flow between the northern and southern parts of both The Gambia and Senegal and West Africa as a whole. It's being anticipated that with **the finalization of the Transgambia Bridge project**, travel time would be reduced, trade boosted and there would be reinforced cohesion among communities which were previously isolated. It would also contribute to the realization of the West African Coastal Highway. **The new bridge is expected to improve the facilitation of trade and transportation of goods and services** especially agricultural products to markets reducing post-harvest losses and boosting socio-economic activities. It would also reduce barriers to national and regional trade such that lead to high transaction costs.

The European Union through its funding towards **transport governance in the 11th EDF RIP** has reserved an allocation to carry out a study aimed at improving trade and transport facilitation measures on regional road networks. 4IP Group as represented by Christian Kingombe was part of the winning consortium who carried out the study based on almost 50 working days in the field (The Gambia).

8. 4IP Group on-going and forthcoming Projects

8.1. African Continental Free Trade Agreement Study - Transport & Logistics Services – (January 2019 – on-going) Christian Kingombe

On 21 March 2018, at their 10th Extraordinary Session, **the Assembly of Heads of State and Government of the African Union** convened in Kigali, Rwanda, to **sign the AfCFTA**. The main outcomes from the Summit included the adoption of the AfCFTA. Member States also agreed to a **Transition and Implementation Work Programme** to finalise offers for goods and services,

The AfCFTA package signed in Kigali included a **Protocol on Trade in Services** that provides a framework of general obligations relating to trade in services, as well as providing for negotiations on specific (sectoral and cross-cutting) commitments binding levels of market access and national treatment. Subsequently, in July 2018, the Assembly of Heads of State and Government of the AU, meeting in Nouakchotte, Mauritania, **endorsed the prioritisation of five services sectors** for a first round of negotiations. The sectors include communication, financial, tourism, **transport** and business services.

In order for AU Member States **to be able to negotiate such commitments effectively**, it has been found useful in other negotiations (e.g. WTO Doha Round, SADC trade in services negotiations) for **sector studies to be produced**. The aim of these studies is to inform Member States about the market access and national treatment limitations found in individual Member States.

This study led by Christian Kingombe as team-leader is commissioned by the AUC and financed by the EU will provide AUC Member States with a background of market access, national treatment and trade-related regulatory issues in the transport and logistics services sectors on which to base their **preparations for negotiations under the AfCFTA Protocol on Trade in Services**.

For those who wish to access our study once it has been published contact ckingombe@4ipgroup.org

8.2. PPP in Madagascar by Thibaut

Thibaut Mourgues is currently advising **Madagascar Government and PPP unit** on their PPP program with the support of African Development Bank. Two pilot projects (hydropower plant and port upgrade) are being implemented as well. For more information please contact tmourgues@4ipgroup.org

8.3. **AFSIC Investment Conference in Lusaka, Zambia (18-19th of June 2019)** by Christian Kingombe
4IP group is proud of having facilitated our first **back-to-back investments events** in Lusaka, Zambia, in collaboration with **African Investments (AFSIC)** and **Waterpreneurs** (see next). **The African Investments' conference** will take place on Tuesday 18th of June 2019 at the InterContinental Hotel in Lusaka, Zambia. On the 2nd day of the AFSIC-4IP Group investment conference, we will **pitch** a number of our investment ready Zambian portfolio companies to the impact investors in the room as part of our [investment matchmaking mandate](#).

For more information about the [investment conference programme](#), please contact ckingombe@4ipgroup.org

8.4. Innovate 4 Water in Lusaka, Zambia (19-20th June, 2019) by Christian Kingombe

Innovate 4 Water is a **marketplace forum** for sustainable development in Zambia. The event is co-organized by 4IP Group and **Waterpreneurs**, both Impact Hub Geneva domiciled companies.
